Job Description

This is a contract position expected to last from May to end of August. There is opportunity to extend the contract. Duties include:

- Performing vegetation management activities on active, inactive, and reclaimed sites (wellsites, pipelines, facilities, and solar/wind farms).
- Conducting minor reclamation and assist with environmental assessment activities.
- Vegetation identification, note taking, record keeping, recommendations.
- Mixing and applying herbicides at appropriate rates and areas.
- Utilizing UTV wand, backpack sprayers, and mechanical methods to target weeds on inactive sites and operating facilities.
- Completing and participating in tailgate and monthly safety meetings.
- Daily updates, report creation, cost tracking, and timesheet entry.
- Completing daily equipment and vehicle inspections and reporting or repairing deficiencies.
- Acting professional and respectful on behalf of Choice and communicating with landowners and operations, as needed.

Qualifications

- Have obtained a Diploma or University Degree related to environmental science or agriculture with no prior related experience.
- Preference given to Authorized Assistant Applicator Certificate holders.
- Minimum 18 years of age, valid Drivers License, clear criminal record, clean drivers abstract, and own means of transportation.
- Strong willingness to learn, ability to ask questions, safety conscious, clear communicator, native and weedy species identification skillsets.
- Positive and optimistic attitude and able to work in a team atmosphere.
- Ability or motivated to operate a pick-up truck, haul a utility trailer, and operate a UTV/ATV/ARGO.
- Basic level of mechanics and problem solving.
- Detailed note taking, cleanliness, and organization is a must.
- Good physical health and ability to work outdoors in varying conditions.

Working Conditions

- The position is field based; travel and staying in accommodations throughout AB & SK for prolonged periods of time may be required.
- Typical working hours are 12 hours per day including weekends when on shift.
- This is a safety conscious position. Therefore, this position is subject to pre-employment drug and alcohol testing.
- You will always be working in a team, under direct supervision, or able to directly contact your supervisor.
